

EUROPEAN ASSOCIATION OF
PERINATAL MEDICINE

EUROPEAN ASSOCIATION OF
PERINATAL MEDICINE

EAPM: FEW WORDS ON THE ASSOCIATION

EAPM was born in 1976

OBJECTIVES

The purpose of the European Association of Perinatal Medicine (EAPM) is to

- Bring together groups and individuals in Europe who are interested in promoting the science of perinatal medicine
- Promoting and disseminating the study, research and knowledge
- Improvement of teaching standards
- Collaboration between the various disciplines

EAPM: FEW WORDS ON THE ASSOCIATION

ACTIVITIES

The main activity of EAPM is the organization of the European Congress of Perinatal Medicine (ECPM). This is held every two years in a major European city.

Moreover:

- Organizing, **in collaboration** with the European Midwives Association (EMA), the European Congress of Intrapartum Care (ECIC)
- Collaborating with the **Journal Maternal-Fetal and Neonatal Medicine**, the official journal of the EAPM
- Organizing national and international educational courses
- Promoting multisite clinical trials
- Promoting exchange visits for senior and junior clinicians, to encourage research and training
