3. Walter Riccardi, (EUPHA)
4. Helmut Brand, (ASPHER)
5. Gauden Galea, World Health Organisation
6. Paul Garthwaite, Open University, United Kingdom
7. David Strachan, St. George's University of London, United Kingdom

Malta 2012 -> All inclusive public health

# MALTA 2012

The major topics of Malta 2012 are:

- **Mind, body and spirit** – a multifaceted approach to health
- **Life choices** – population, economic activity and lifestyle
- **Research across health** - services, sectors and policy
- **Technology and environment** – getting smart with health determinants
- **Small, few or different** – Inequality in Europe's health

# Next meeting

- Dates
  - 7 November, pre-congress workshops
  - 8-10 November, congress
- Organise a workshop?
- Hold a pre-congress workshop?
- (propose a Eupha section?)

# Practical aspects

- Financing of the meeting

# Next report

- Format of report?
  - EHPR very heavy (€ 5 to send out)
  - Errors?
- Publications versus reporting
- Data available on line (excel files instead of pdf files..., interactive programme)
- Dissemination ?

# Research & publications

- <http://www.europeristat.com/publications/scientific-publications/index.shtml>

# Research & publications

## **Articles in preparation**

- Maternal mortality and morbidity (BJOG)
- Obstetrical interventions
- Trends in preterm birth in Europe (the PTB group)
- Methods for comparing perinatal health outcomes in Europe – spatial approach
- Births without obstetric intervention
- Impact of using different cutoffs (BW=1000 g/GA= 28 weeks) on fetal and neonatal mortality rates
- Maternal education and social inequalities

# Research & publications

- Twins (also data from the preterm birth data)
  - Moderately preterm births
  - ? Others ? Wait for next data?
- 
- List of themes and analysis groups, not all pursued...
  - Writing group then paper circulated to scientific committee.... (procedures?)

# Other conferences

- Porto IEA (International Epidemiology Association) meeting in September 2012 will have a session on perinatal health organized by EPEN (European Perinatal Epidemiology Network)
- Society for Pediatric and Perinatal Epidemiological Research (SPER) Annual conference in Minneapolis in June 2012
